Urea Filter/ Urea Kits

for European Truck- Bus- and Off-Highway Applications

Urea Filters are Critical to Selective Catalyst Reduction Systems (SCR)

Medium and Heavy-Duty vehicle manufacturers are faced with increasingly more stringent emission standards. In order to meet those standards, the majority of OEM's has chosen to use selective catalytic reduction (SCR) technology. Core component of an SCR system is a dozer which injects urea into the exhaust and interacting with the catalyst ultimately reduces NOx emissions.

Another element of the system is a Urea Filter which filters the urea being pumped into the dosing module. Depending on the individual specifications of the Original Equipment Manufacturer, these filter elements have to be replaced on a regular basis - just like any other on-engine filter.

Fleetguard Urea Filters and -Kits Provide Premium Performance

Being part of an engine manufacturer (Cummins) as well as a sister Business unit that provides leading Doser technology to today's markets (Cummins Emission Solutions), we are well experienced to provide Urea Filters and Urea Kits for multiple Truck- and Bus as well as Off-Highway applications.

Fleetguard filters are designed to meet or exceed OEM specifications and are covered by one of the best warranties in the industry.

The wide range of Filtration products and systems imply a 'One Stop Shop' for customers - and the well-known Premium Fleetguard Quality puts millions of customers around the world at ease.

Ordering Information

Fleetguard	Mann+Hummel	Hengst	Primary Applications
UF101	U 5001 KIT	E103UD295	AGCO, Case Construction, DAF, Fendt, IVECO, John Deere, Massey-Ferguson, Volvo, VDL Bus, TEMSA Bus, Solaris Bus
UF102	U 1003 (10)	E105U	MAN Trucks & Busses (Lion's City & Lion's Intercity)
UF103	U 620/4y KIT	-	MAN, Neoplan, Otokar, Van Hool, Viseon Bus
UF104	U 58/1 KIT	E102UD179	Mercedes, Evobus, Claas, Optare
UF106	U 58/9 KIT	-	Mercedes, DAF, Scania, Evobus
UK175 (supersedes 3967874)	U 620/2y KIT U 620/3y KIT	E101UD178	Cummins, DAF, IVECO, Temsa, Van Hool, VDL, Volvo, Dennis Buses, KING LONG Buses
UK176 (supersedes 3986767)	U 630x KIT	E100UD160	IVECO, Renault Trucks, New Holland, Massey-Ferguson, Volvo, Claas, Fendt, Volvo Trucks
